THEME PRESTASHOP 1.6

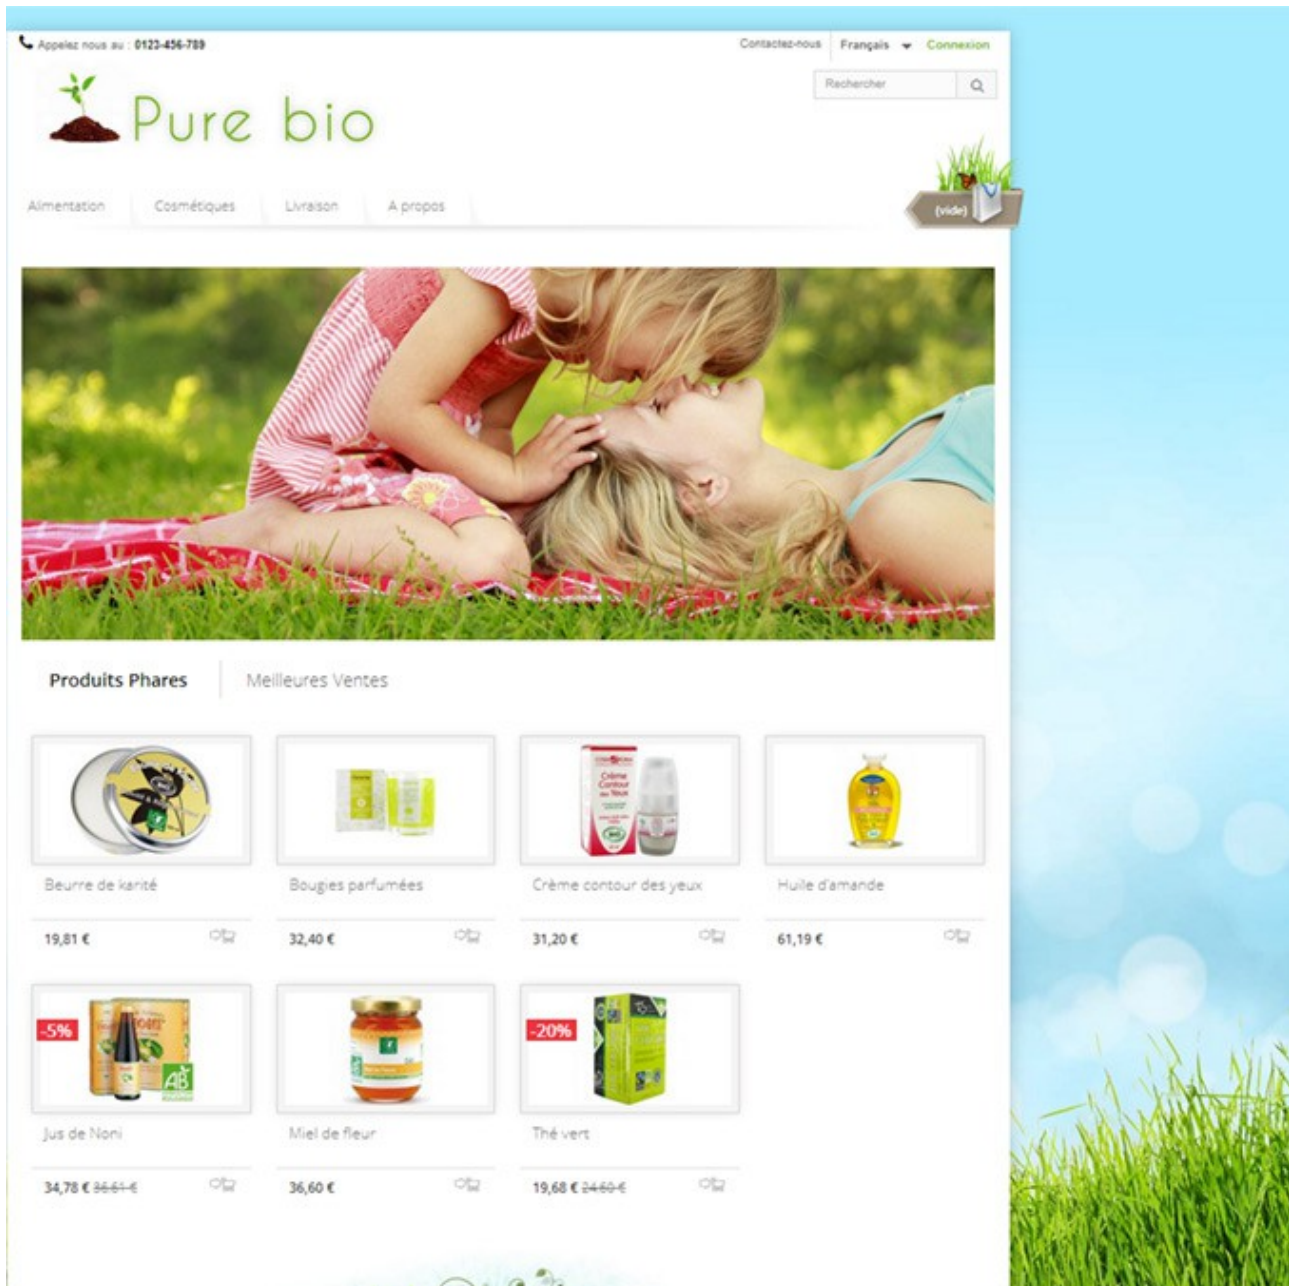

par Studio-Aquilon.fr

xavier@studio-aquilon.fr

- STUDIO AQUILON -

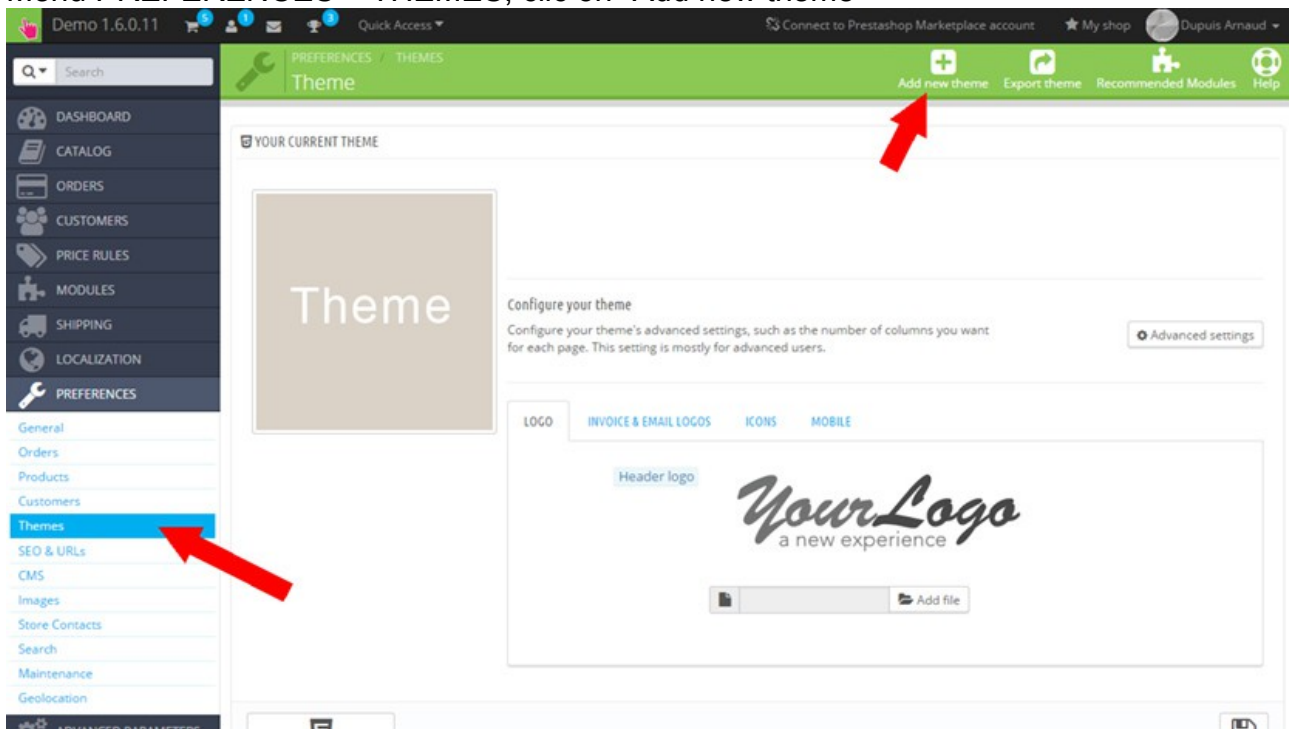

1 - presentation

Responsive theme compatible with PrestaShop 1.6. The theme is carried out by studio-aiglon.fr

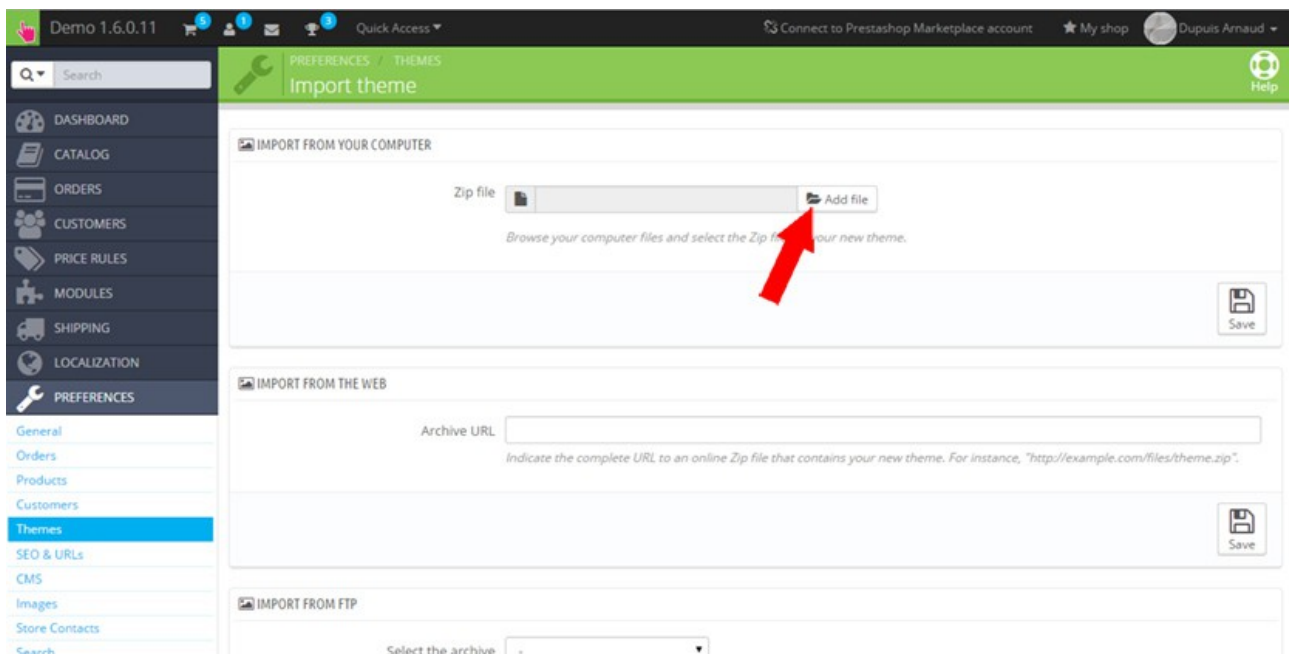

2 - Installation

Menu PREFERENCES > THEMES, clic on "Add new theme"

Under "Import from the computer," use the "choose file" and select the ZIP file of the theme purchased.

Caution: with a Mac, it's possible that the file is automatically uncompressed, it should not be. Be sure to send the .zip and not a folder.

After the theme installed, select it. In the list of modules to install, let by default or customize your configuration.

Then it is recommended regenerate thumbnails to get the right picture size.

3 - Configuration

Pictures

To respect the original design of the theme you use this configuration to your product images:

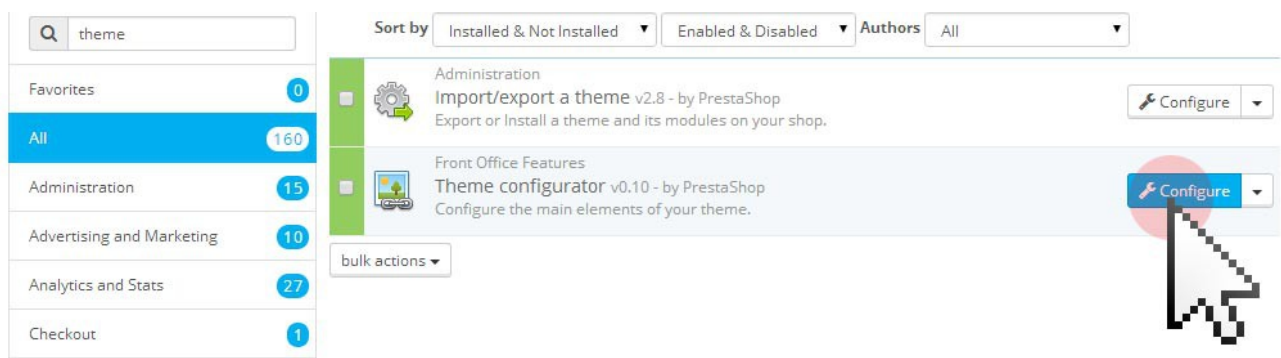

| | | | | |
|--------------------------|---|------------------|--------|--------|
| <input type="checkbox"/> | 1 | cart_default | 80 px | 80 px |
| <input type="checkbox"/> | 2 | small_default | 98 px | 98 px |
| <input type="checkbox"/> | 3 | medium_default | 125 px | 125 px |
| <input type="checkbox"/> | 4 | home_default | 250 px | 150 px |
| <input type="checkbox"/> | 5 | large_default | 458 px | 458 px |
| <input type="checkbox"/> | 6 | thickbox_default | 800 px | 800 px |
| <input type="checkbox"/> | 7 | category_default | 870 px | 217 px |
| <input type="checkbox"/> | 8 | scene_default | 870 px | 270 px |
| <input type="checkbox"/> | 9 | m_scene_default | 161 px | 58 px |

the slider

To comply with the design theme, copy the module configuration slider.

width : 1170 px

Banners under the slider

The screenshot shows the PrestaShop module manager interface. On the left is a sidebar with a search bar containing 'theme' and a list of categories: Favorites (0), All (160), Administration (15), Advertising and Marketing (10), Analytics and Stats (27), and Checkout (1). The 'All' category is selected. The main area displays a list of modules. At the top, there are filters for 'Sort by' (Installed & Not Installed), 'Enabled & Disabled', and 'Authors' (All). The first module is 'Import/export a theme v2.8 - by PrestaShop' under the 'Administration' category. The second module, 'Theme configurator v0.10 - by PrestaShop', is highlighted in blue and is under the 'Front Office Features' category. A red circle highlights the 'Configure' button for this module, with a mouse cursor pointing at it. A 'bulk actions' dropdown is visible below the module list.

Use the "theme configurator" module. Add 3 images with a width of 370px on the attachment point "top".

columns

the theme is optimized to run in maximum 2 columns. If the third column is enabled, disable it.

4 – FAQ

The template does not install via the installer

If the upload setting of your server is not high enough, it is possible that the installation fails. Then do this :

Instead upload the theme via the backoffice of PrestaShop you can do this via your FTP. So put your zip in there :

modules/themeinstallator/import/

You simply have to go to the configuration of the importing theme module and select the theme in the list "import from the FTP folder."

5 – license information

The license provided with the purchase of this template is a license to use non-exclusive, non-transferable to any single website.

6 – Conclusion

Thank you for your purchase and good sales!
